

THE _CONFERENCE

JULY 11TH 2019 // DEUTSCHES MUSEUM, ISARFORUM, BLITZ // MUNICH

How can we empower humanity through technology?

Let's find answers and shape a better future together. Join us for fruitful discussions, inspiring keynotes, hands-on workshops and breathtaking art.

6 Conference Tracks:

- Making artificial intelligence and robots work for us.
- Creating a clean, smart and connected mobility.
- Blockchain and beyond: Towards a decentralized future.
- Privacy, openness, digital identity: New paradigms for the internet.
- New Frontiers: Extending the spheres of humanity in space and on earth.
- Ideas for a sustainable, liveable and healthy life and planet.

3+ Stages:

- Keynote Stage // Townhall // Oxford Arena // Speakers' Corner
